THE PRESIDENT'S REPORT

RANDOLPH HARRIS G.C.M.
PRESIDENT

It is with a deep sense of pride and responsibility that I present this report for the 2025 financial year on behalf of the Barbados Football Association (BFA). As we reflect on the past year, I am encouraged by the progress we have made as an association, the resilience of our football community, and the continued growth of our beloved sport across the island.

Review of 2025

The 2025 year can be characterized as one of consolidation, measured growth, and renewed ambition. Our local competitions were executed with a high standard of organization and competitiveness, and I extend sincere congratulations to all clubs that distinguished themselves through performance, discipline, and sportsmanship. Your commitment continues to elevate the standard of football in Barbados and inspires the next generation of players.

A key highlight of the year was the continued strengthening of our governance framework. The BFA remained steadfast in its commitment to transparency,

accountability, and sound financial management. I am pleased to report that our stewardship of the 2025 financial year has placed the Association on a solid footing, enabling us to move forward from a position of strength. This stability is critical as we seek to expand our programs, invest in infrastructure, and deepen our developmental initiatives.

Equally encouraging has been the growing recognition of Barbadian talent on the international stage. Throughout the year, several of our players secured opportunities with clubs and institutions outside of Barbados. This trend is a testament to both the quality of talent present on our island and the work being done by our coaches, clubs, and technical staff. It reinforces our belief that Barbados can consistently produce players capable of competing at higher levels, once provided with the right structures and exposure.

In this regard, we have continued to prioritize the creation of clear and sustainable player pathways. Our vision remains centered on ensuring that talented individuals are not limited by geography but instead are given opportunities to develop in professional and semi-professional environments abroad. This approach is integral to strengthening our national teams and enhancing our competitiveness within the region.

We must also pause to acknowledge the members of our football family whom we have lost over the past year. Their contributions to the development of the game in Barbados will not be forgotten. On behalf of the Association, I extend heartfelt condolences to their families and loved ones. Their legacy remains woven into the fabric of Barbadian football.

Global Perspective and Leadership

As this is a FIFA World Cup year, the global spotlight once again shines brightly on football. In my capacity as a member of the FIFA Council, I have had the distinct privilege of witnessing firsthand the continued growth and evolution of the game at the highest level. This exposure has provided invaluable insights into global best practices, governance models, and developmental strategies.

It is my firm belief that this perspective places Barbados in a stronger position to align its strategic direction with international standards, while also tailoring initiatives to suit our unique context. Additionally, through my involvement within the CONCACAF region, we continue to advocate for greater opportunities and resources for Caribbean football, ensuring that our voice is heard and our potential realized.

Vision and Strategic Direction for 2026

As we turn our attention to 2026, our focus is clear: development, inclusion, and sustainability.

Central to this vision is the expansion and strengthening of our youth development programs. We are committed to creating structured, age-appropriate competitions and training environments that will nurture talent from the grassroots level. By investing in coaching education, technical frameworks, and scouting systems, we aim to build a robust pipeline of players capable of representing Barbados with distinction.

A particularly important pillar of our strategy is the advancement of football for girls and women. We recognize that the growth of the women's game is not only a global priority but also a significant opportunity for Barbados. Over the coming year, we will intensify our efforts to develop dedicated competitions, increase participation at the school and community lev-

els, and provide targeted support for female athletes. Our goal is to create an environment where girls can see a clear and attainable pathway within the sport.

We will also continue to strengthen our relationships with international partners to facilitate player movement and exposure. Establishing formal pathways to clubs and academies abroad remains a key priority, as it directly contributes to the development of our national teams. The success of our players overseas serves as both inspiration and proof of concept for this strategic direction.

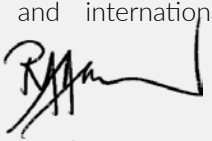

Internally, the Executive Council and I have implemented several strategic changes designed to enhance efficiency, accountability, and long-term planning. These reforms are already yielding positive results, and I am confident that they will continue to position the Association for sustained growth.

Appreciation and Closing Remarks

None of the progress achieved in 2025 would have been possible without the unwavering dedication of our stakeholders. I extend my sincere gratitude to the members of the Executive Council for their leadership and commitment, as well as to the members of our Standing Committees whose tireless efforts support the daily functioning of the Association.

To our clubs, players, coaches, referees, sponsors, and supporters—thank you for your continued belief in the vision of Barbadian football. Your passion remains the driving force behind everything we do.

As we move forward, I am confident that the foundation we have laid, combined with our shared commitment to excellence, will enable us to continue progressing. The future of football in Barbados is bright, and together, we will ensure that our game reaches new heights both regionally and internationally.

Randy Harris GCM
President

SENIOR MEN'S NATIONAL TEAM

The Seniors Men's National Team came into 2025 with a relatively low-key agenda. Although performing commendably in 2024, the Tridents had been eliminated from Gold Cup qualification and the only scheduled competitive matches were the two remaining fixtures of their 2026 World Cup Qualifying (WCQ) group, from which advancement was a virtual impossibility.

The Senior Men travelled to Dominica in May to play two friendlies against their hosts on the 9th and 11th. Head Coach Kent Hall used the occasion to take an entirely locally-based squad and expose some of the less experienced players to senior international football. Both matches ended scoreless and seven players made their international debuts.

The June international window saw Barbados complete their 2026 WCQ fixtures with a home match against Aruba on the 4th followed by an away match vs St. Lucia in Curacao on the 10th.

Although they scored first in both matches, the Tridents were unable to convert their leads into victories, ending their campaign with a 1-1 draw and 2-1 loss respectively, and placing last in their WCQ group. Omani Leacock and Devonte Richards were the goalscorers for the Tridents.

SENIOR MEN'S NATIONAL TEAM

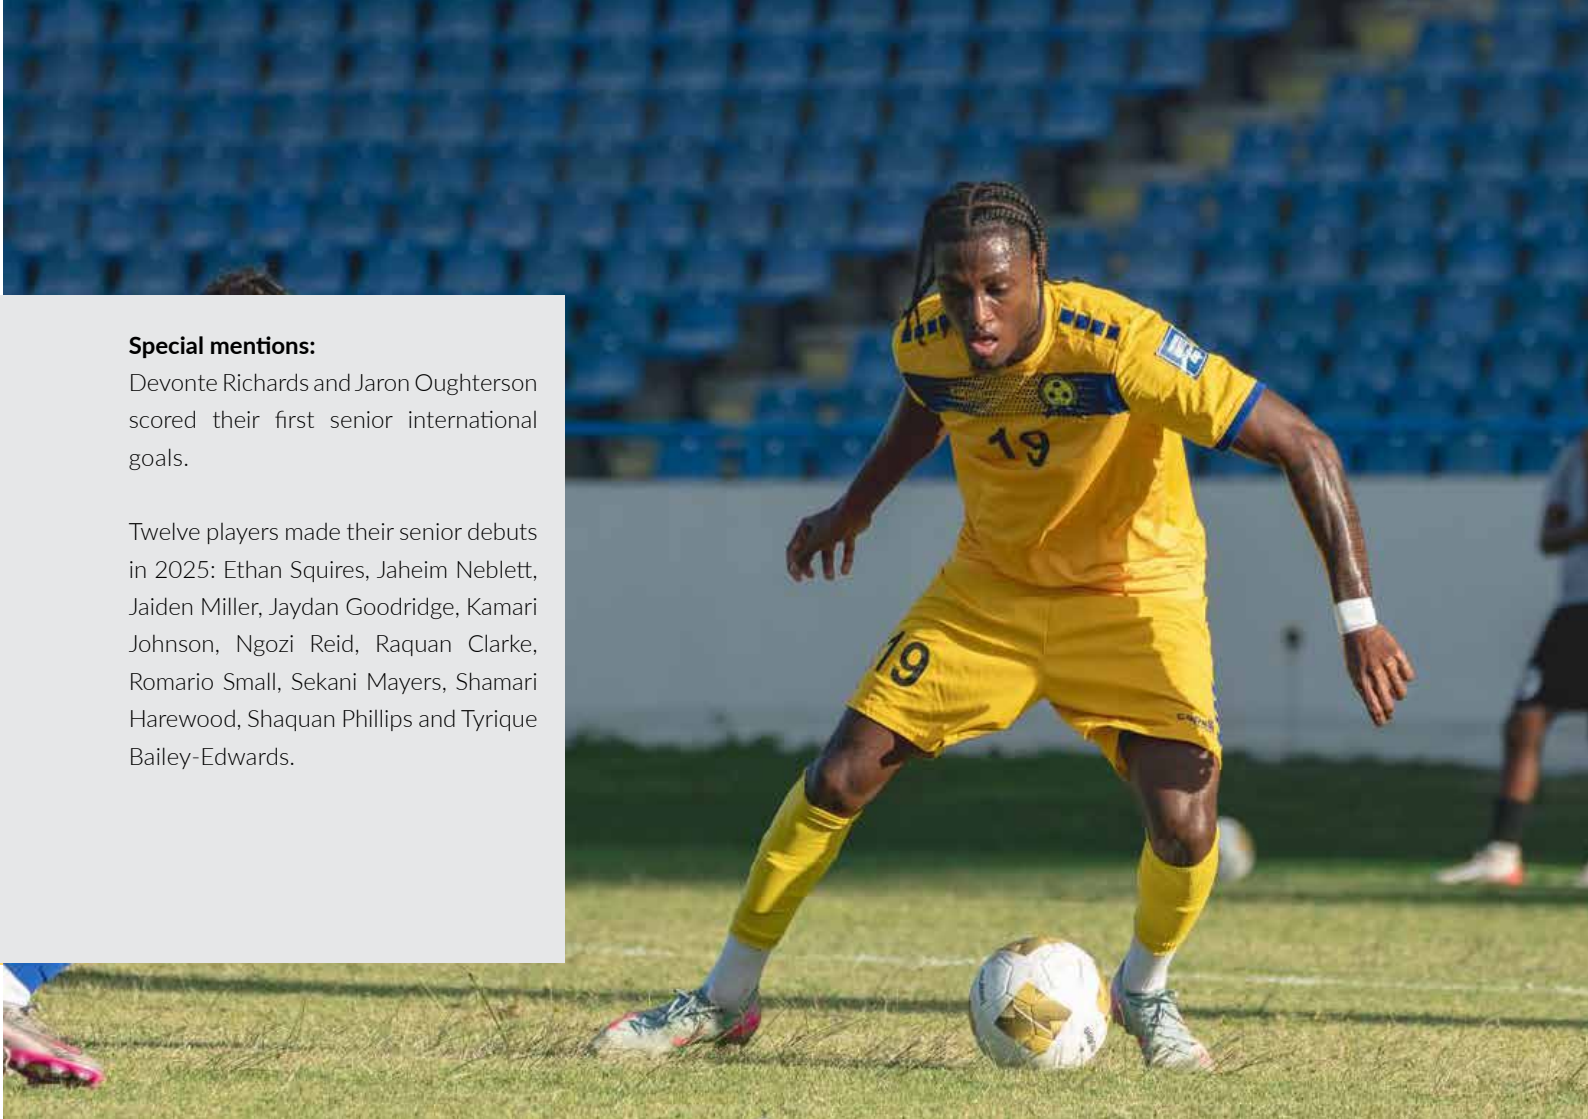

In late 2025 Concacaf launched a new initiative - The Concacaf Friendly Series - as a way to facilitate international playing opportunities for countries who failed to advance in World Cup Qualifying. Scheduled to play in the November 2025 and March 2026 international windows, the Senior Men travelled to Antigua & Barbuda to play their first two fixtures, and Head Coach Kent Hall again took the opportunity to give some fresher faces a chance to gain international experience. After a bright start and a solid victory in their opener against Bonaire on November 12th, the Tridents slumped to a disappointing defeat against Aruba on November 15th, placing them right in the middle of the five-team group. Jaron Oughterson and Ackeel Applewhaite were the goalscorers on this occasion.

SENIOR MEN'S NATIONAL TEAM

Thierry Gale secured a contract with Bolton Wanderers and began his first season in England's League One.

Niall Reid-Stephen completed a successful debut season in USL League One, being named to 2025 All USL League One first team. He ended the year by signing for USL Championship side New Mexico United for the 2026 season.

Nadre Butcher signed for Real Sport Clube in Portugal at the start of 2025 and is now in his second season.

Tajio James began his journey into professional football, signing for top-flight Croatian club NK Varaždin.

Andre Applewhaite, Ethan Taylor and Jaron Oughterson joined forces at NPSL club Appalachian FC in the summer, leading them to the Southeast Conference Final. Oughterson was Appalachain's top performer with 8 goals and 2 assists in 12 matches, while Tridents captain Applewhaite capped an amazing year off by signing for MLS Next Pro club CT United and is set to make his professional debut in 2026.

Taylor returned to school duty with the Oklahoma City University (OCU) Stars and captured the Sooner Athletic Conference (SAC) Newcomer of the Year award as the team won the SAC Tournament Championship. Stars teammate and compatriot Shay Prescod was named SAC Defensive Player of the Year.

A little closer to home, Omani Leacock signed for Waterhouse FC in Jamaica and Mario Williams, Sheran Hoyte and Romario Small each had brief stints in the Trinidad and Tobago Premier Football League.

Kevon Lucas also left local shores to ply his trade in the region, signing for Old Road FC in Antigua's ABFA Premier League.

SENIOR WOMEN'S NATIONAL TEAM

In June 2025, Kerry Trotman was appointed as Head Coach of the senior women's team. Immediately upon her appointment, Coach Trotman organized a comprehensive one-week open trial period, extending invitations to all interested players. The trials saw an impressive turnout of approximately 60 ladies, demonstrating the strong interest in women's football within the association.

Following the trials, Coach Trotman & her team selected a squad comprising the best performers and those showing the greatest potential for development. The selected players commenced training in preparation for the 2025 WIFA Women's Competition, scheduled for September 2025.

2025 WIFA Women's Tournament

The team traveled to compete in the WIFA Women's Competition, which commenced on September 14th, 2025. The tournament featured four teams: the host nation, St. Vincent and the Grenadines, St. Lucia, Dominica, and our team, Barbados.

Match 1: vs St. Lucia (September 14th, 2025)

Result: Loss 2-1

The team opened their campaign against St. Lucia, narrowly losing 2-1. Despite the defeat, Coach Trotman identified numerous positives from the performance, providing a solid foundation upon which to build for the remainder of the tournament.

Match 2: vs St. Vincent and the Grenadines (September 16th, 2025)

Result: Win 2-0

In their second group match against the host nation, the team delivered a much-improved performance, securing a convincing 2-0 victory. This result demonstrated the squad's ability to learn from their opening match and implement tactical adjustments effectively.

Match 3: vs Dominica (September 18th, 2025)

Result: Win 7-0

Heading into the final group stage match, the team understood the requirement to win by a substantial margin to secure

SENIOR WOMEN'S NATIONAL TEAM

their place in the finals. The players rose to the challenge magnificently, delivering a dominant 7-0 victory over Dominica. This result confirmed the team's qualification for the tournament final, where they would face a rematch against St. Lucia.

Tournament Final

Finals: vs St. Lucia (September 20th, 2025)

Result: Win 2-1 (After Extra Time)

The team entered the final with confidence and determination, seeking redemption against St. Lucia following their opening match defeat. The final proved to be a tightly contested encounter befitting of a championship match.

Barbados struck first, taking the lead late in the first half, which they maintained into the second period. However, approximately 15 minutes after the break, a miscommunication in the defensive line allowed a St. Lucia striker to break through one-on-one with the goalkeeper, resulting in an equalizer. The score remained 1-1 through regular time in what developed into a keenly contested battle.

Extra time brought intense periods of dominance from both sides as each team pressed for the decisive goal. Barbados created several scoring opportunities but were unable to convert until the closing moments of the first period of extra time. In a moment of brilliance, Taryn Sutherland finished off some excellent build-up play that originated from the back line, flowed through midfield, and resulted in a perfectly executed attacking move that unlocked the St. Lucia defense. Sutherland found herself one-on-one with the goalkeeper and coolly slotted home to restore Barbados' lead at 2-1.

Entering the second period of extra time with a slender one-goal advantage, the team demonstrated remarkable composure and maturity. They controlled the majority of possession, managed the game intelligently, and continued to press for an insurance goal while never allowing St. Lucia to gain momentum. The team successfully maintained their lead through to the final whistle.

SENIOR WOMEN'S NATIONAL TEAM

WIFA Tournament Success

Barbados emerged victorious, winning the 2025 WIFA Women's Tournament with a hard-fought 2-1 triumph over St. Lucia in the final. This achievement represents a significant milestone for the women's program and is a testament to Coach Trotman's effective leadership, the players' dedication and development, and the squad's ability to learn and improve throughout the tournament.

The team's progression from the opening match defeat to ultimately claiming the championship demonstrates both character and quality, providing an excellent foundation for continued success in future competitions.

Concacaf W Qualifiers
GROUP F
TRINIDAD & TOBAGO, EL SALVADOR, HONDURAS, BARBADOS
Barbados vs. Trinidad
December 1st, 2025
Kensington Oval Stadium in Bridgetown, Barbados
Result: Loss 0-5

Barbados hosted Trinidad and Tobago at Kensington Oval Stadium in their opening Concacaf W Qualifiers match, with kick-off at 4:00 PM Barbados time. This fixture carried significant historical context, as it marked the first meeting between the two nations since 2010, when Barbados also suffered an unfavorable result. The gulf in FIFA rankings was substantial, with Trinidad and Tobago ranked 75th compared to Barbados at 159th.

The squad entered the match with confidence, having used their recent WIFA Tournament success to gauge their readiness for this higher level of competition. The team began positively, maintaining a compact defensive shape that initially frustrated Trinidad and Tobago's attempts to break them down.

However, in the 11th minute, miscommunication in the defensive unit and unmarked runners allowed Trinidad and Tobago to open the scoring, taking a 1-0 lead. Despite the setback, Barbados continued to build their play and create opportunities. The team's first genuine scoring chance arrived in the 16th minute when Barbados regained possession from

a throw-in on the right side. Midfielder Thompson played an intelligent ball into forward Acacia Small, who drew two defenders before squaring the ball into the path of Rianna Cyrus advancing down the left channel. Unfortunately, the opportunity went unconverted.

The score remained 1-0 through halftime and held until the 76th minute, when Trinidad and Tobago doubled their advantage. The Barbados goalkeeper was caught in an advanced position, and a Trinidad defender capitalized with a long-range effort. Prior to this goal, Barbados had created two promising chances in the 56th and 59th minutes but were unable to find the finishing touch. Throughout the match, periods of quality link-up play were evident, though the decisive final ball or finish consistently eluded the team.

As the match wore on, a combination of errors and mental fatigue saw Barbados concede three additional goals, with the final scoreline reading 0-5 in favor of Trinidad and Tobago.

Performance Analysis

Despite the heavy defeat, there were notable positives to extract from the performance. The team demonstrated competitive spirit and showed evidence of growth, particularly in their ability to create goal-scoring opportunities against higher-ranked opposition. The match provided valuable experience at the Concacaf level and highlighted specific areas requiring development ahead of future qualifiers.

Next Fixture: Barbados will travel to face El Salvador on March 1st, 2026, in their second Concacaf W Qualifiers match.

COACHING EDUCATION

In alignment with our strategic goals and the requirements of the Concacaf Coaching Convention (CCC), the BFA continued the development of local coaching education capacity; adding two new coach educators and delivering one D License course and one C License course.

Kerry Trotman, Marlon Harte and Head of Coach Education, Kent Hall, all successfully completed the inaugural FIFA Coach Educators' Diploma in 2025.

Trotman and Harte joined Hall to expand the pool of local educators, improving our capacity to deliver coach education

programs. Twelve coaches completed the D License course and twenty-four coaches enrolled in the C License.

The BFA Coaching Education Department continues to work towards achieving our strategic goal of attaining CCC membership status at C License level in 2026.

TALENT DEVELOPMENT SCHEME

The Talent Development Scheme (TDS) is a FIFA Special Project aimed at developing young footballers to their fullest potential with the ultimate purpose of producing elite football players.

The Talent Development Scheme is focussed on "levelling the playing field" globally by offering member Associations the opportunity to give every young talent the chance to completely develop in line with best-world, top-of-the-line practices.

The Barbados Football Association decided to take a Clubs and Community-focused, schools-inclusive Hub approach, deploying the best local coaches into the communities, schools and youth clubs to scout and consistently provide players with basic, intermediate, and advanced coaching, training, football education and preparation. From these sessions, select players were then graduated into our main centralised BFA Academy-type setup for even more intensive training and preparation.

At present we are working with some forty (40) plus young female footballers (ages 11-17) 3-4 days a week (Monday, Wednesday, Friday) and eighty Boys (ages 11 – 17) training and preparing them (Tuesday, Thursday, Sunday) with the necessary tools- technical, physical, social, psychological and a general understanding of the game to afford them the chance to advance as National and ultimately elite professional footballers. The Coach of the TDS Program is Kerry Trotman, Assistant/Goalkeeping Coach Morrison Taylor (former national player), Apprentice Coach Shaun Wilson and Physio/Medic Crystal Lynch(Girls) and Khadijah Williams (Boys)

CAMPS & WORKSHOPS

WOMEN'S HEALTH WORKSHOP Jan 12th, 2025

In continuing to provide our players with the knowledge to help them become better players on and off the field, we brought in experts from The Katrina Endometriosis & Women's Health Association to conduct a Menstrual Health workshop for our female athletes in the program. This session proved extremely informative, interactive and enjoyable for the players and parents who attended.

TDS BOYS INTENSIVE PREP SUMMER CAMP
July 20th – 31st, 2025

After naming our initial provisional list we decided to take the athletes into an intensive Summer Camp. This camp was intended to further enhance the physical conditioning, cohesion, camaraderie and character needed to seriously compete for the much tougher CONCACAF Boys U-15 Challenge Series in Aruba.

The camp ran for 10 days for 3-5 hours a day. Supervised by Coach Morrison Taylor , Apprentice Coach Shaun Wilson and Head Coach and Technical Director, Sulaiman Nunes. The athletes were introduced to more structured, tactical play, enhanced conditioning and exposed to a lot more game situations,videos and set plays.

TDS BOYS INTERNATIONAL FRIENDLY AGAINST LEIGHTON PARK HIGH SCHOOL FC (READING, UK)

As part of our preparation for the CONCACAF U15 Championships, our Boys played an International friendly match against visiting English Team, Leighton Park FC from Reading, UK.

This game provided us with much needed high-quality match practice and we came out victorious 5-2 in a keenly contested game. Amari Small (2), Maleek Peters, Adam King and Dimiko Jordan were the goalscorers for Team U15 Barbados.

GIRLS U-14 INTENSIVE PREP SUMMER CAMP
July 21st – Aug 8th, 2025

After naming our initial provisional list we decided to take the athletes into an intensive Summer Camp. This camp was intended to further enhance the physical conditioning, cohesion, camaraderie and character needed to seriously compete for the upcoming CFU Challenge Series in Trinidad. The camp ran for 5 days a week for 4-6 hours a day.

The athletes were introduced to more structured, tactical play, enhanced conditioning and exposed to a lot more game situations and set plays. This camp proved very beneficial as many of the players were new to this level of competition and grew to better understand positional play and gel as a team. Head Coach Richard Forde and Assistant Coach Kirk Corbin supervised this camp. Tough task but well worth it in the end.

Despite the inexperience, our girls fought hard and performed creditably. Kudos to Coach Richard Forde and his Coaching team.

TDS MANAGER'S SUMMARY

2025 has been a challenging year for the Talent Development Scheme.

After 2024's creditable performances from the Girls U-15 and then with the Boys U-14 creating history by winning Tier 2 of the CFU Challenge Series, we had extremely big boots to fill.

Early in the year the TDS Team was dealt a considerable blow as our TDS Head Coach, Fitzgerald Carter left to head up Women's Football in the British Virgin Islands. A full-time replacement Head Coach would prove elusive and while we had a great candidate in US-based Coach Ria Denny, this proved temporary as she was unavailable for the Boys U-15 CONCACAF Championship in Aruba. The bond that was built over the months with the Boys U-15 team and Coach Denny was sadly never attained with her replacement as Head Coach for the CONCACAF Boys U15 Championship, Technical Director Mr. Sulaiman Nunes, who in all fairness, only had a few weeks working directly with the team.

Needless to say, the Boys U-15 didn't perform to our maximum potential going down 2-3 to Bermuda, losing 0-3 to Antigua, 0-3 to Trinidad and Tobago and then winning 5-0 against the British Virgin Islands in what many called a Cup-winning-worthy performance.

On the other hand the U-14 Girls performed extremely well given the inexperience of the squad with only three (3) players retained from previous National Youth teams. They showed grit and defeated Grenada 6-0 in their opener, before losing to the more experienced French Guiana (0-5), Suriname (0-4) and a close encounter with British Virgin Islands (1-2)

Cognizant that proper development of talent is a long and winding road, we took our wins and losses in stride and learnt valuable lessons, both on and off the field of play.

Never losing sight of our overall vision, throughout the year our TDS girls and boys were able to gain invaluable experience from the many local and International workshops, camps, international games (as ball assistants), video sessions, motivational speeches and fun social activities.

Kudos goes out to Coaches Morrison Taylor, Ria Denny, Richard Forde, Kirk Corbin, Kerry Trotman, Shaun Wilson, Technical Director Sulaiman Nunes and the entire Coaching and Management team for a fantastic job.

Maximum praise must also go out to the Youth Clubs and Schools Coaches, Parents and BFA staff whose unswerving support continues to keep us grounded and relentless in our pursuit of excellence.

As we continue on our developmental journey, training resumed immediately on return as the Girls prepare for CONCACAF U-15 Championship, the Boys for CFU U14 Challenge Series and both Boys and Girls prep for the U-17 World Cup qualifiers, which are now being played annually. One glaring deficiency that we must address is the need for more high-quality National, Regional and International games for our TDS Teams. Perhaps a few friendlies against neigbouring TDS Teams could help remedy this situation and provide some much-needed match practice/experience. As it relates to getting involvement (particularly for the Girls) from an earlier age, the BFA is about to delve deep into female Primary School football. This could only augur well for our TDS and by extension Barbados' football ecosystem. I'm truly excited. A wise man once said that the character of any team is defined by how they react after adversity or defeat.

I personally believe that we either win or we learn and 2025 was a learning experience. We've taken copious notes and are working even harder to strengthen our weaknesses as we continue Kicking Forward. The future looks bright indeed!!

1. **General information**

The Barbados Football Association (BFA) was founded in 1910. The BFA is the governing body of football in Barbados and is responsible for football administration in Barbados.

2. **Material accounting policy information**

These financial statements have been prepared in accordance with International Financial Reporting Standards for Small and Medium-Sized Entities ("IFRS for SMEs") promulgated by the International Accounting Standards Board ("IASB").

a) **Basis of accounting**

The preparation of financial statements in conformity with IFRS for SME requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the period. Actual results could differ from those estimates.

These financial statements are prepared under the historical cost convention; no account has been taken for the effects of inflation.

b) **Depreciation**

Fixed assets are depreciated at rates sufficient to write off these assets over their estimated useful economic lives on a straight-line basis.

The rates used are as follows: -

Furniture and fittings	-	10%
Office equipment	-	20%
Container and sporting equipment	-	10%
Building	-	3%
Motor vehicles	-	20%

c) **Comparative information**

Certain comparative figures have been reclassified to conform with the current presentation. These changes had no effect on the previously reported financial statements.
